WHO MURDERED DAVID JOHNSON?

David Andrew Johnson
November 3, 1973 - June 1, 2007

David Andrew Johnson was at home with two other people at 5934 Beacon Ridge when someone knocked at the door at 3:00 a.m. on June 1, 2007. One of the others answered the door and was speaking to an unknown black male when they saw a thin black male exit a dark green Taurus or Grand AM with a gun.

The witness shot at the thin man and locked the door. Johnson and the witnesses then tried to flee out a back window, but the two suspects fired through the front door, striking and killing David Johnson at the scene. The witnesses said a large amount of money was missing after the suspects fled.

One suspect was described as 6' tall, about 210 pounds, wearing a black short-sleeve pullover shirt and a white baseball cap. The other was described simply as a thin black male with a gun.
